The application has been amended as follows:

in claim 33, line 17,

after "wherein the", replace --- waveguide satisfies the NIC requirements ---, with "first layer and the second layer have refractive indices in a difference ratio to fall within a predetermined natural index contrast range,

wherein the NIC value has a range of >0% to ~240%, ";

in claim 43, line 17,

after "wherein the waveguide", replace --- satisfies the NIC requirements--- with "comprised of the first layer and the second layer have refractive indices in a ratio that fall within a predetermined natural index contrast range,
